THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

MONDAY, NOVEMBER 1, 1869.

THE GOVERNOR AND THE MILITIA.

When Governor Holden was "interviewed" by the editor of the Hillsboro' *Recorder*, he is reported to have said that "he regretted he did not name all of the offences of both sides, particularly the barn burning in your (Orange) county;" that he was "preparing an address to be published in a few days, in which he expected to deal impartially towards all."

Well, the promised address has been written and published, not exactly in the usual shape of an address, it is true, but as an editorial in the *Standard* of Saturday last, with a star (*) signature—just in the shape to be owned or disowned, in the future, as contingencies may dictate. We shall deal with it at present as the Governor's *bona fide* promised address, and make such remarks upon it as its extraordinary character—its sophistry and its partial and unfair statements and representations may seem to justify. We shall deal with it as the Governor's own production, because it purports to be written by *authority* of the Governor, which is doubtless true, as it bears unmistakable evidence of being written by the hand of the Governor also.

The first fact of which we are informed in the Address, or editorial, is that Col. Thomas B. Long has been appointed as a sort of peace missionary to the counties of Orange and Chatham, (no fraternal messenger to Jones and Lenoir, included in the obstreperous list, by the proclamation.)—Col. Long is to address the people of his missionary territory, and advise the observance of peace, law and order; and we have no doubt his mission will be a perfect success, except with the reckless unprincipled, barn-burning, hog stealing, cow killing gentry, that have already proved such a terror to the good citizens of those counties, and whose acts, as above mentioned, together with rape, murder and the like, have called down upon the perpetrators summary punishment at the hands of the exasperated victims of them.

The Governor next tries to evade the charge that his late proclamation was aimed solely at the Ku Klux, as they are called, without any reference to crimes committed by members of the League; but this attempt is too flimsy to require comment, as every one of all parties, know that that was the gist and drift of the proclamation; even the negroes we heard boasting that the "Governor had come out against the Ku Klux," when the proclamation appeared. If his intention was, as he states, to condemn *all* violations of law, why did he single out the instance of white men taking a white man out of jail in Pittsboro', as an evidence of *Ku Klux* outrage, and omit to mention the fact that, only a few days previous, the *League* in open daylight, broke open the same jail and liberated a number of League negroes confined there for various offences, one of them for murder? He is unfortunate in expressing or showing his desire to do justice to *all* in this instance, as in several others that appear in the proclamation.

The governor looks upon the League as a very patriotic and harmless body, and "no more objects to them than hundreds of thousands of our people did, some years ago, to the *Americans or Know Nothings*.—If he "objected" to the League *half as much* as hundreds of thousands of our people, the Governor himself included, did to that other secret political association, his proclamation would have been less mild or reticent in regard to them than it was; for, if our memory be not at fault, in the days of Know Nothingism the Governor believed and taught that "*all* secret political associations are dangerous to liberty," a principle that seems to be fully substantiated in our day, notwithstanding the Governor's change of views on the subject.

But the editorial Address is a long one, and we must hasten on without dwelling too long on the various parts in it.

The Governor seems posted in regard to the organization of the Ku Klux. He says it was, at first, a pacific organization, formed for defensive purposes and to advance political objects. He thinks if they had retained their first love, as the Leagues have, all would be well; but they have turned out to hanging people, clipping their ears, shooting them &c. But the Leagues have never done any of these things! They have never approached peaceful dwellings at midnight, burnt houses and murdered the inhabitants—they have never committed bellish outrages on the person of helpless females—they have never touched the incendiary brand to barns, mills and other buildings—and all this, without punishment, that we can now remember, in a *single instance*, before the established tribunals of the State. Perhaps if there had been, the organization of the Ku Klux would never have been heard of; for we do not believe with the Governor that there was ever such an organizations, in this State at least, for "pacific and defensive purposes, and to advance political objects."

The Governor excuses himself from blame for sending out negro troops to Orange and Chatham, by recalling the fact that he sent white troops to Jones, *and got no credit for it!* If we knew how much credit the Governor claims for that noble act, we would cheerfully accord it; but we regret the spirit which now substitutes a more offensive class, because he did not get "credit" for his former generous liberality in this respect.

We learn a fact from this editorial address that we did not know before, namely, that the authorities of Wake have called for the detailed militia. This will be news, we presume, to most of our readers; so will the further fact that there are "a few of colored militia between Raleigh and Morrisville who have arms." What is this for?—Is Wake county in a State of insurrection, too? If so, why was it not embraced in the proclamation? If it is so, why have the authorities called for the detailed militia? and why are there colored militia, armed, between Raleigh and Morrisville?—The Governor says they are there "to protect the defenceless, who have been threatened with violence." Who has heard of this before? Did any one hear the threats? If so why were the parties not arrested and bound over to keep the peace? Has this been tried and resisted, and hence made it necessary to have "colored militia, who have arms" placed there to defend them? Governor, is it your policy to send armed militia to every locality where there may be threats made against the "defenceless," without first trying the ordinary process of law in such cases? If so, why were not detailed militia sent to the protection of the young lady in Orange, who was threatened with rape by a negro, and whose mother appealed to the Governor for protection?

But we cannot pursue this subject further to-day. This *star* editorial contains many other points and statements that will serve as texts for further remarks in the future. In the meantime, we repeat what we have said before more than once, this action of calling out colored militia composed mainly of members of the League, and who openly in the streets and elsewhere boast of what they will do to "the d—d Ku Klux," and send them to overawe and insult a people already smarting under many wrongs that they think, not without reason, they have received from this very class of persons, is injudicious and wrong, and calculated more to stir up strife and hatred, than to invite to peace and tranquility.

PERSON COURT.

Last week was the week of Person Court. The Judge, at Caswell Court, notified the Clerk and Sheriff that there would be no Court the first week of the term. There was no Court the second Monday of the term, as usual, the Judge was not there.—He opened Court on Tuesday, having on Monday disappointed at least seven hundred men and made them lose a day's work. If the Mayor of Milton had been behind his Honor, we think he would have reached Court on Monday. We heard only the conclusion of the Judge's charge to the Grand Jury. He dwells with emphasis and at great length upon the fact that Grand Jurors are not to regard the character of a witness before them, however bad it may be. Judge Tourgee is the only Judge we ever knew so to charge the Grand Jury. We see no purpose of the charge, unless it be to prepare the way for the coming of Gov. Holden's detectives, such as Bill Huskey.

The repeated absence of the Judge and his deferring Court from one week to another, has had its effect upon the people. On Tuesday out of thirty-two witnesses called by Solicitor Bulla, only six answered.—Buck Tuck was called four times before he answered. If Solicitor Bulla did not have Buck Tuck on the brain he certainly had him on the tongue.

There were 75 cases on the State docket, no capital case among them. Many of them were Governor Holden's friends of the league, who were indicted for larceny.

If the Leagues taught stealing they could not have more of their members in jail for stealing than they now have. On the civil docket, were 40 cases only.

Members of the bar in attendance: Judge Kerr, Governor Graham, Major Graham, Montford McGhee, Hon. Samuel P. Hill, George Thompson, T. Brown Venable, Henry Jordan, Charles Winsted, Samuel Barnett, Col. Withers, Col. Winston, Col. Wortham and Mr. Bumpass.

We saw Judge Reade who wrote the Legislative address threatening the white people with the negroes. Those acquainted with Judge Reade and his jesuitical style of writing, at once marked him as the author of this infamous address. A member of the Bar who had known him for thirty years, said he could swear to his style as easily as to his hand writing.

"Honest" John Ragland, Radical member from Granville, who was introduced by Mr. John Yancy to Col. Wharton J. Green, as the meanest man in Granville, declared he would suffer his right arm to be cut off before he would sign this infamous address, he further declared too, that the 88 who signed it should be hung with a grape vine untrimmed."

Query. What should be done with Judge Reade for writing it?

Mr. Samuel Barnett, was also at Court; he is the living witness that Judge Reade wrote the address. We heard it from divers persons that Mr. Winstead, the Radical Senator of Person and Granville, was daily growing sick of his party. He is said to be for the organization of a new party, with Gov. Holden, Judge Pearson and other Radical gentlemen, who are sick of the company in which they find themselves.

Governor Holden's plan is to unite the old Whigs and negroes against the Democrats and carpet baggers. Some of the old Whigs are in for it. We prefer to keep the Governor where he is with the carpet baggers. He would contaminate and break down any party that takes him up. We say, let the Governor adhere to the carpet baggers, his financial policy, his penitentiary purchase, his lease of the North Carolina Railroad, and his present unheard of taxation, and at the close of his administration he may be rich, but his State and his people will be poor. He could then go to to New York with Littlefield and Laflin, and in the great metropolis spend his days and enjoy his fortune.

Next week we have Court in Orange.—We hope the Grand Jury will have no occasion again to present His Honor Judge Tourgee.

WHY?—In noticing the proceedings of the Stockholder's meeting of the Western Division of the Western North Carolina Railroad, as published in the Asheville papers, we see the President makes a report, and the Secretary, also, but the Treasurer makes never an exibit of how the financial affairs of the Road stands in his hands. He does not tell how many of that $7,000,000 of bonds has come into possession; how many have been sold, what they sold for, nor anything of the kind.—Why is this? Is it a fact that $3,000,000 of those $7,000,000 of bonds have been sold and the proceeds invested in another State? This has been asserted, and a short exhibit by the Treasurer of the Company would have been the very thing to set rumor right on the matter, but no exhibit is given; no statement made, and the State and the Stockholders are left in doubt and conjecture on the subject.

NORTH CAROLINA POLITICS.

We clip the following from the New York Herald's Washington correspondence of the 27th Oct. Whether the facts therein set forth are fully to be relied on, we are somewhat inclined to doubt; but that there is good ground to be believed that a part of the information is true, we think no one familiar with passing events in this State will doubt for a moment:

A gentleman, formerly United States Marshal of North Carolina, who arrived here from that State to-day, says there is about to be a general breaking up of political parties there. The Holden party, which has ruled with great bitterness in the interests of the ultra radicals since the State was reconstructed, has lost caste and its members are quarrelling among themselves. They have brought the State to the verge of bankruptcy, and now that the State bonds are selling for about thirty-eight cents on the dollar some of them are secretly conniving at a repudiation of the State debt. The people, or at least the respectable portion of them, and especially the property owners, are ready to join any party organization that promises relief from the onerous taxes and bad management of Holden and his friends. Holden is about deserting the extreme radicals, because he perceives that their power is at an end and will probably seek for admission in the new party. He has been so proscriptive, my informant says, against all who did not agree with him that he will get no favor at the hands of the leaders of the new movement. The gentlemen propose to organize a party after the fashion of the Walker party in Virginia and the Senter party in Tennessee, with universal amnesty and impartial suffrage as the leading features.

NEWBERN, N. C., Oct. 22, 1869.

Hon. Josiah Turner, Jr.:

We but speak the sentiment of the mass of intelligent citizens of this portion of our State, when we return to you our sincere thanks for the manly and determined defence you have made and are still making in behalf of our neighboring county of Jones. As you have proclaimed and reiterated time and again, one secret association begets another, and we do admire your manliness in again and again calling the attention of the so-called Governor of North Carolina and President of the League, to this fact. Keep on in this good work and ding, dong it into his ears, until his head becomes so full of it, that his mouth will give some explanation, why it is, that he, as Generalissimo of one secret organization, should be so anxious to put down an association of similar character which is the natural result springing from the one over which he has the entire control. Dissolve the League and our word for it, it will be but a very short time before, no such thing as a Ku Klux will be known in the once peaceable and tranquil Old North State.

This is court week for this (Craven) county, Judge Thomas presiding. There are about one hundred and fifty cases on the the Criminal docket and the Grand Jury have not yet finished finding bills; of this number, we have but one white man indicted, (I reckon he is a Ku Klux) the balance are negroes, Leaguers and "full" to the backbone, if figures are any proof this is evidence against the "cussing beloved's" pets. The most of these cases are for larceny, in fact, nearly all of them are. Cows and hogs seem to be the favorite victims of these Leaguers. There are no capital cases on the docket whatever, so far as high crimes are conderned, Craven county is as peaceful and serene as a May morning.

Cotton the fleecy king is coming into market rapidly, it commands a good price, which makes the heart of the toiling farmer leap for joy. Populate the country adjacent to Newbern thoroughly, and we will show you a large and thriving city at the confluence of the Neuse and Trent Rivers.

Politically we are lying prostrate under the iron foot of carpet baggers and scalawags, we having enough in this place alone to poison the minds of all Africa, and ruin the State government; in this particular we are more sorely afflicted than any place of the size in the country. We live in hope for a day of deliverance. May it soon come.

In conclusion, we thank you for what you have already done for poor bleeding North Carolina, and ask you to continue on in the good work, her citizens will not forget you at the proper time.

Prick the ears of the "Governor" continually when he sings Ku Klux, by reminding him of the lamented Nethercutt, the harmless and peaceful Fuscus, Millers, &c., &c., the recent attempt to assassinate young Green, the killing of several white men in the vicinity of this city, and thousand other crimes committed by his PETS all over the country, by so doing you will gain the applause of all good and law abiding citizens. Insist on the Governor's disbanding the League, the Ku Klux will then disband themselves, having no food upon which to feed. S.

A STRIKE AMONG THE TELEGRAPHERS.—On Tuesday the operators employed in the New York, Boston and Philadelphia offices of the Franklin Telegraph Company had a general strike for higher wages. The present pay of first-class operators is about $1,000 per annum, or $83 per month, which, considering the education necessary, the length of time required to learn the art, and the hours of service, day and night, is certainly a mere pittance. A conference between the officers of the company at New York and the operators was held on Tuesday, at which, it is said, the company offered an advance of ten per cent., and the operators demanded twenty-five per cent.

MR. EDITOR:—I have just read in "*the Standard*" the following assertions. They were made by one who signs himself "Justice," who pretends to be a graduate of our University, and appeals to its Alumni for justice to its present Trustees and Faculty.

"This body (The Board of Trustees of the University) in which the Executive and Judicial Department (*sic*) of the Government had the preponderance of influence, assemble, (*sic*, again.) They find before them respectful resignations from every member of the Faculty, except Professor Pool. These they accept, and proceed to organize the University."

I quote these sentences to compare with them the following extracts from the "Pen and Ink Sketches of the University of North Carolina." See "*Sentinel*" of July 7th, 1869.

"In 1866 Mr. Pool, adjunct Professor of Mathematics, had resigned, to take that office in the Internal Revenue Bureau which he yet holds.

"There now remained only the President and four Professors,—Dr. Hubbard, Profs. Fetter, Phillips and Smith. These gentlemen resigned in a body in the fall of 1867. These resignations were accepted by the Trustees at their meeting in November, (1867), * * * *. While accepting the resignations of the Faculty, they, (the old Trustees) formally requested them to continue the College exercises for another session, and keep the doors open till the new measures could be resolved upon. * * *

*. The Faculty remained as requested till the commencement of June, (1868) when the Trustees handsomely and unanimously re elected them to their several departments."

Now, Mr. Editor, who is to be believed, the author of "the Sketches," or Mr. Pool's clerk?

"A GRADUATE."

DEDICATION OF A CHURCH AT COMPANY SHOPS.

Though the village of the Shops numbers, perhaps, a thousand souls, there has been no Church there till recently. The reason for this is to be found first in the transitory character of the population, but chiefly because the Railroad Company owns all the property there and would not sell. The ladies of the place, however, were not content with that state of things, so they organized themselves for the purpose of building a house of worship. The Railroad Company gave them a good lot and a generous appropriation, and the result is a neat little Church, capable of seating three or four hundred persons, with fine apartments for schools, underneath, but above ground.

There were not enough of any one denomination to build a house of worship for themselves, so they all combined and erected a Union Church.

The services of dedication occurred on the 17th inst., and were as follows: Appropriate passages of Scripture were read by Rev. Mr. Long, of the Christian Church, the prayer of dedication was offered by Rev. Mr. Julian, of the Lutheran Church, the sermon was then preached by Rev. Dr. Pritchard, of Raleigh, and the closing prayer offered by Rev. Mr. Gattis, of the M. E. Church. The afternoon was devoted to a Sabbath School meeting, which was addressed by Dr. Pritchard, who also preached Sunday and Monday night, and added interest to a gracious revival, which had already been going on for weeks.

VIOLA.

For the Sentinel.

MR. EDITOR:—A writer in the *Standard* has lately claimed for the Rev. Solomon Pool, at present, President of the University of North Carolina, that "his immediate family have been represented for a longer period as students and patrons of the University than, with possibly one exception, any family in the State."

It is well known that the doors of the University were thrown open to the public in 1795. Now, on looking over catalogues of the old Dialectic and Philanthropic Societies, I find that, in 1795, there were at our University representatives from the Burtons of Halifax—(there was one from this family in 1868) the Harrises of Cabarrus, the Haywoods of Raleigh, the Melsons of Orange, the Pettigrews of Tyrell, the Ruffins of Franklin and the Taylors and Webbs of Hillsborough were at the University in 1867 and a representative of the third generation of the Webbs. One of the Taylors left it in 1868. The father of Dr. W. J. Hawkins, the present President of the R. & G. R. R. graduated at our University in 1801, he himself, was a student in 1838, and his son might have graduated in 1868. Judge Battle's father was at Chapel Hill in 1769; then came himself; and then his three brothers; and then his six sons. His own nephew left college in June 1861, and his wife's grandnephew in June 1868.

Let us have "Justice" on this point, and then we may have peace.

J. J. LAWRENCE, M. KOSKOO cures SCROFULA IN ITS WORST FORMS. From Mr. A. W. Mills, a prominent and well-known merchant of Norfolk, Va.:

No 11, Main St., Norfolk, Va., Sept. 15, 1869.

DR. LAWRENCE—Dear Sir: Your Koskoo has worked wonders in my family. My daughter has been a sufferer from Scrofula since childhood. She lost thirty-one pieces of bone from her ankle, several from her arm, besides having ulcers in several parts of the body. Whilst in this condition she commenced taking your Koskoo—IT ACTED LIKE A CHARM ON HER—UNDER ITS USE THE ULCERS GRADUALLY HEALED, AND HER GENERAL HEALTH GREATLY IMPROVED. It certainly saved her much suffering, and perhaps her life. I regard Koskoo a SPECIFIC for all scrofulous affections. Your Koskoo also cured my wife of dyspepsia, from which she suffered greatly. SHE IS NOW IN BETTER HEALTH THAN SHE HAS BEEN IN FIVE YEARS.

With the highest regards, I am gratefully yours &c.,

A. W. MILLS.

KOSKOO, THE GREAT INVIGORATOR.—Read the following from the Rev. Joseph E. Martin, pastor of Wesley Chapel, Portsmouth, Va.:

"This is to certify that myself and wife have used Dr. Lawrence's Koskoo, and can testify to its beneficial effects. Previous to taking it we were in a condition of debility—had no appetite, and suffered from sudden and often violent attacks of headache and nervousness. Two bottles of Koskoo has improved our general health, and we regard it as invaluable, and most cheerfully recommend it to all who have need of an *invigorator*.

Yours, &c.,

JOSEPH E. MARTIN.

KOSKOO!

CURES CHRONIC RHEUMATISM.

Norfolk, Virginia, September 7, 1869.

DR. J. J. LAWRENCE—Dear Sir: My son has received so much benefit from your wonderful Koskoo that I cannot refrain from expressing my gratitude. I had tried almost everything without benefit. I believe, in all sincerity, that your KOSKOO IS AN INFALLIBLE REMEDY for the disease from which he has suffered, and, so far as I can learn, has never failed. If you only knew the immense amount of suffering that he has undergone, then you could conceive the value of such a remedy as Koskoo—THAT SURELY CURES. The great amount of good it is now doing among us is inestimable.

With much gratitude, I am respectfully yours, &c., MRS M. E. A. NELSON.

Dr. Lawrence—Dear Sir: Having been treated by several skilful physicians for Dyspepsia, Chronic Disease of Kidneys, General Debility, &c., without benefit, as a last resort I commenced the use of your Koskoo, and am pleased to say that under its use my health has been entirely restored.

I am, sir, with much respect your obedient servant, O. B. MEARS.

No. 5 Market St., Norfolk, Va., July 6, 1869.

Pacific, Franklin Co., N. C., Sept. 11, 1869.

This is to certify that for a long time I suffered very much from inaction of the liver and constipation of the bowels and tried several remedies, but received no benefit until I commenced taking Koskoo. I took the medicine about one month, and I was completely cured and have remained well. I know of several cures made by Koskoo, and can cordially recommend it as a good medicine. JOHN H. BAKER.

From Mr. Womble, a prominent hardware merchant of Norfolk:

No 13 MARKET SQUARE, Norfolk, Va., Oct. 23, 1869

DR. LAWRENCE—Dear Sir: To the large number of testimonials which you offer of the great efficacy of your Koskoo, I take pleasure in adding my own. I suffered greatly with Nervous Debility, Headache, Loss of Appetite, &c. Two bottles of Koskoo RESTORED ME TO HEALTH.

Yours, truly,

J. G. WOMBLE.

From Rev. W. H. Christian, Pastor Dinwiddie Street Methodist Church:

PORTSMOUTH Va., October 23, 1869.

This is to certify that I know Dr. Lawrence well. He is a gentleman of cultivation, and worthy the fullest confidence. I have used his "Koskoo" with advantage to myself, and have adopted its use in my family in cases of nervous debility and depression.

W. H. CHRISTIAN.

New Ads.—G. T. Stronach advertises two articles; if you take too much of one, you'll be likely to lose your place on the other.

Entertainment at Tucker Hall noticed in another place.

Important notice to merchants by the Sheriff.

Good Mountain Butter at W. H. Jones & Co's.

Auction to-night by the same.

Winter Amusements.—As will be seen by his Card in another column, Mr. John T. Ford will open Tucker Hall, on Monday evening, 8th inst., with a fine Dramatic Company. We learn that, if sufficient encouragement be extended to him, he will continue a series of entertainments at the same place during the winter, consisting of Dramatic Operatic and Concer pieces, of the first order, and rendered by popular artists. This will be something new to our citizens, who catch only an occasional glimpse of the "legitimate Drama," from transient companies, to have a whole winter in that line, like the big cities.—Mr. Ford will be remembered as the lessee of the Theatre in Washington at which President Lincoln was killed, and more recently of the Holiday Street Theatre, Baltimore.

Another Improvement.—We noticed the wagons, on Saturday, dumping brick on the northwest corner of Fayetteville and Martin streets, and on inquiry found they were intended to carry up the row of brick offices in that locality a story or two higher. This will add greatly to the appearance of that part of the street. The property is owned, we believe, by the Messrs. Battle, and W. H. & R. S. Tucker.

New Omnibus Line.—J. M. Blair, Esq. of the Yarborough House, will, this (Monday) morning place on the streets, a regular omnibus line, running from the Governor's mansion, at the south terminus of Fayetteville street, by Capitol Square to the new Blair House, thence up Hillsboro' street to the Railroad Bridge, or to St. Mary's. The fare can be paid on board, or tickets procured at the office of the Yarborough House, and at the Book Stores of Messrs. Alfred Williams, J. A. Jones, and James H. Ennis.

After the Ku Klux.—We understand that on information brought to the city on Saturday, by two men from Chatham county, whose names we did not learn, Capt. Bosher and a squad of mounted "details," started, on Saturday night, for the purpose of arresting some party or parties in Chatham. We did not learn the nature of the alleged offense nor name of the offender, nor any other facts except simply that they were gone and that that was their errand. Wonder if the legal officers in that county had been applied to?

Prime Fish.—We return our thanks to Messrs. W. C. Stronach & Co. for some very fine corned Salmon. They have a quantity of these fish for sale, and we recommend to any one wanting something nice in this line, to procure some and give them a trial.

Laying the Carpet.—An upholsterer was busy, last week, laying new carpets in the Senate Chamber and Commons Hall, at the Capitol. This is a very important matter, as the members will soon be in, now; and they are all used to carpets at home. They might take cold to come here and stand and sit on the old carpeting that is being displaced by the new.

Nip-and-Tuck.—During the latter part of last week there seemed to be a closely contested race between Mr. T. H. Briggs, contractor for Mr. B. P. Williamson's new store, and Mr. J. P. Prairie, contractor for the new Market House, to see which should occupy most of their *fee simple* in an upward direction. At the time of stopping off, Saturday night, it was "nip and tuck," between them; Prairie was, perhaps, a *leetle* taller up, but Briggs made it up by being broader out.

Gee up Dobbin.—The *Standard* of Saturday morning, gives the Penitentiary Board a still more plain "piece of its mind," than on the day before, in short "lays down the law," in unmistakable language, and the Board is given to understand that the order must be obeyed or the Board will be elevated incontinently.

We can account for the strong feeling shown on the appointment of Dr. Hill as physician to the penitentiary only in one way: the occupant of that position will be a sort of "*family physician*" to the party, and they prefer that the man who shall occupy that intimate relation shall be of their own "faith and order" politically.

From the New York and Chicago Spectator.

The Connecticut Mutual is meeting with good success in working its new plan of business; the Agents like it, and policies come in well. The old plan was half cash, half note. The new plan (since July 1st.) is no notes, but where desired, a loan or premium credit of twenty to thirty per cent.

S. D. Walt, General Agent of the Connecticut Mutual, for this State, informs us that dividends, on the new plan, are paid annually, after the second payment, and that he is also meeting with good success. See advertisement.

California boasts of a prodigy in the shape of a boy with seven ears.

North Carolina Home Fire Co.—Prompt Payment of a Loss.—We mentioned, some days ago, that the Barn of Dr. F. N. Mullen, of South Mills, Camden Co., was totally destroyed by fire on the night of the 9th of October,—the work of an incendiary. Dr. Mullen was insured on the property in the N. C. Home, of this City, to the extent of $1900. Although the Company is allowed, by its Charter, ninety days within which to settle for losses, it has promptly paid this one *within less than twenty days* after information of the fire,—and that, too, without exacting a cent of deduction in the way of discount for the unexpired portion of the time.

This fidelity and promptness are most commendable. A Company which thus discharges its obligations, without wrangling or attempt at *abatement*, is sure of success,—because it deserves it. We are pleased to hear that its business is growing at a rapid rate.

A Draw on a Pair of Drawers.—The weather getting cold and Frank Milliken feeling the effect of it rather keenly, on Saturday night, levied a clandestine attachment on a pair of drawers, at L. Rosenthal's store, and took to his heels. He was discovered, pursued and overtaken, and the drawers recovered. On being overhauled, he exclaimed, "O, Lord, I wish I hadn't tooken 'em." Frank is a colored boy who has heretofore been considered honest. He was lodged in the guard house to await an examination before the Mayor.

Death of Judge Person.—We understand a telegraphic dispatch was received in this city on Saturday stating that Judge S. J. Person died in Wilmington on that morning. We had learned from the Wilmington papers that he had been ill for everal days.

ALL THE REGULAR DEMOCRATIC CANDIDATES ELECTED.

The election for members of both branches of the city council took place yesterday. In some of the wards there was a spirited contest, there being three tickets as well as independent candidates in the field, but it resulted in the election of all the regular nominated democratic conservative candidates.

The whole number of votes cast yesterday was, including scattering votes, about 18,900, of which about 12,000 were cast for the democratic candidates, 6,120 for the republican candidates, and 750 for the workingmen's candidates. The democratic majority over the republicans is about 5,880, and about 5,130 over both republicans and workingmen's candidates.

The whole number of registered voters in the city is 44,211, which is 25,311 votes more than were cast yesterday. The total vote cast at the municipal election last year was 16,053, of which 2,928 were republican, 659 for independent candidates, and the remainder for the regular democratic nominees.—*Baltimore Sun, 28th inst.*

Another Clergyman in Trouble.—The trial of the Rev. Collin C. Tate, of Columbus, Ohio, for violating the law of the Episcopal Church, was commenced in Columbus on Tuesday. The charges against him relate exclusively to his manner of conducting the singing in public worship. He put his choir into surplices; and, moreover, bade them enter the church in procession, singing the psalms and hymns, at the commencement of the service, and go out in the same manner at its close. There is also a supplemental charge of persistence in this practice after being forbidden to do so by the Bishop of Ohio. The whole case turns upon the question whether the canon requiring priests to obey the "godly admonition" of their bishop obliges them to follow his directions on points concerning which there is no written provision.

Sentenced.—Thos. A. Vinson, convicted Tuesday, for passing a counterfeit and altered National Bank Note, raised from $5 to $50, was brought into the District Court yesterday, and on motion of D. H. Starbuck, Esq., District Attorney, His Honor Judge Brooks, sentenced the prisoner to five years imprisonment at hard labor in the Penitentiary, at Albany, N. Y. —*Newbern Jour of Com.*

Koopmanschap's agents in Louisiana have already closed contracts for five ship loads of coolies, to be delivered at Key West by the Pacific Mail Steamship Line.—The contracts drawn up are for five years, and on the face of them seem unexceptionably liberal, both as regards rations and pay.

We cannot speak in too high terms of the hospitality of Mrs. Miller's boarding house in Raleigh, at which it was our good fortune to stop while sojourning recently in that city, and recommend all travellers who like good fare, good attention, good rooms and pleasant company to give this really good house a call.—*Warrenton Living Present.*

A Card.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge*.

You Can Regulate The Color.—Every natural shade from light brown to deepest black is imparted by PHALON'S VITALIA OR SALVATION FOR THE HAIR. The number of application's determines the tinge. SCHOOL BOOKS.

UNIFORM SYSTEM OF

TEXT-BOOKS

FOR NORTH CAROLINA.

Office Publishers' Sup't of Introduction, RALEIGH, N. C., Sept. 21, 1867.

A DEPOSITORY has been established at Raleigh, in charge of Mr. Alfred Williams, for the following books, which were adopted Aug 9th, 1869, by the State Board of North Carolina for uniformity in the Public Schools:

PARKER & WATSON'S NATIONAL PRIMER.
PARKER & WATSON'S NATIONAL SPELLERS.
PARKER & WATSON'S NATIONAL READERS.
DAVIES' ARITHMETICS.
MONTEITH & MCNALLY'S GEOGRAPHIES.
MONTEITH'S YOUTH'S HISTORY OF THE U. S.
REED'S SYSTEM OF PENMANSHIP.

THE NEW DESCRIPTIVE GEOGRAPHY OF NORTH CAROLINA will be ready about the middle of October next. The maps &c., are now being engraved as rapidly as possible, and the work will be furnished with Monteith & McNally's Series, without extra charge.

PROF. JEROME ALLEN'S COMPLETE SYSTEM OF MAP DRAWING will also be furnished to the Public schools with Monteith & McNally's Series without extra charge.

The books will be supplied at exceedingly low rates to the Public Schools in the state.

Similar terms will be made accessible to private schools adopting the above named books uniformly.

Pupils attending the Public Schools will, in accordance with the state contract, be furnished with new copies of Monteith & McNally's Geographies and Davies' Arithmetics in exchange for old copies of Cornell's Geographies and Quackenbos' Arithmetics, which they may possess.

Books will be supplied, carefully packed and shipped, by ALFRED WILLIAMS, Depositary, Raleigh, N. C.

Teachers and Educators generally are respectfully invited to correspond with

C. W. LAMBETH, Agent for the Publishers and sup't of Introduction.

From Dr. WM. B. HANNA, Prin. High School, Snow Hill, N. C.:

SNOW HILL, N. C.

"I am much pleased with both the spellers and all the Readers; and as to the series of Geographies by Monteith & McNally, I have long used no others when those could be obtained.

From Rev. ALBERT SMEDES, D. D., Rector of St. Mary's School, Raleigh, N. C.

RALEIGH, N. C.

I have examined the Geographies Monteith's [No. 4] and McNally's [No. 5] and find excellencies in both, which eminently entitle them to a wide circulation. It is my purpose to introduce Monteith's [No. 4] into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works seem to me to be admirable. ALBERT SMEDES.

From J. W. GULICK, A. M., Prin. Male Academy, Goldsboro', N. C.:

GOLDSBORO', N. C.

I find your books are in use in many Schools in this section. The teachers speak in the highest terms of your Readers and Geographies, and of Peck's Gamut in particular. J. W. GULICK.

From Col. WM. BINGHAM, Prin. Bingham School, N. C.:

The introduction of so much valuable matter on the subjects of Physical Geography and Geology and in a form so simple and intelligible, makes it (Monteith's Intermediate Geography) in my judgment, a charming school book.

"We shall introduce Davies' Bourdon, perhaps others of your books."

From Dr. CLOSS, Prin. Durham Academy, N. C.:

DURHAM, N. C.

I design introducing the present session McNally's Geography and Davies' University Arithmetic; also Boyd's Elements of English Composition. M. CLOSS.

From M. L. LITTLE, Esq., Prin. Pleasant Hill Seminary, Newton, N. C.:

NEWTON, N. C.

Will introduce the Univer-ity Arithmetic next term. Have examined it with much satisfaction. An admirable work. M. L. LITTLE, Prin. Pleasant Hill Seminary.

From Rev. S. IVEY, Prin Auburn Academy, N. C.:

AUBURN, N. C.

Monteith's Geographies are excellent works, and I shall introduce them into my school. STINCEON IVEY.

Prof. WM. A. OWENCHAIN, writing from Hillsboro' Military Academy, says:

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.

From J. E. DUGGER, Esq., Prin. Male Academy, Warrenton, N. C.:

WARRENTON, N. C.

"Davies' Mathematics" was adopted by me in 1858, and up to the time, I have examined no works superior to them as a whole.

I have examined, with a view of introduction, "McNally's Geography" [No. 5] and "Peck's Gamut's Natural Philosophy." I consider them most excellent works, and shall put them in my hands, at the earliest period. The Philosophy is truly an enticing work and must meet with universal commendation. J. E. DUGGER.

From W. C. KERR, State Geologist of N. C.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most prin ary Geographies; not the least of which, especially in the eyes of the juveniles, will be found in its attractive and very graphic illustrations. Another is the truly wonderful amount of substantial and really scientific information conveyed by these wood cuts, and the concise and lucid descriptions appended. But the chief excellence consists in this, that Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography; so that the learner arrives, by a natural and easy process, at the true conception of the earth as an organized whole; the designed result of successive changes and modifications, under the control of physical laws, constituting a true growth from a chaotic germ through manifold stages of progress, all pointing forward to its destined end as the home of living beings, and finally of men.

From Rev. G. D. BERNHEIM, Principal of Mount Amoena Female Seminary, Mount Pleasant, N. C.

MT. PLEASANT, N. C.

I have introduced your National Series of Readers with great satisfaction to myself and to our teachers. We find them to be excellent, just suited to our purposes.

With Davies' Mathematical Series we have been long familiar, and can find no good reason for changing them.

In the Primary Department we have Monteith's Geographies, and in the advanced classes we have introduced Peck's Gamut, with much acceptance. G. D. BERNHEIM.

From Prof. JOS. H. FOY, President Stantonsburg Scientific High School, N. C.

WILSON, N. C.

I have carefully examined the claims of the different series of School Books most prominent before the public at this time. I have tested the merits of many of them in the school and lecture room, and feel no hesitancy in pronouncing the "National Series of Readers and Spellers" the best with which I am acquainted. I shall henceforth use no others in my school, and I shall furthermore use my influence to secure their adoption into other Seminaries in this section.

I use Davies' Mathematical Series in my school. I consider his works incomparably superior in many particulars, even to Stoddard's Course, which is saying a great deal. In fact, I consider it the highest encomium in my power to bestow.

I use Monteith's Series in my school. They afford a gradual but thorough and systematic progression, from the simplest rudiments of science, up to a development sufficiently exhaustive for all ordinary educational purposes. Their very superior merit has led me to discard ——, which stands next best on the list.

McNally's, the fifth book of the course is decidedly the *chef d'oeuvre* of Geographies. No competent instructor can examine it for an hour without being struck with its extraordinary merit. J. H. FOY.

From the Statesville, N. C. *American*, February 20th, 1868.

We would call the attention of Teachers in Western North Carolina to the valuable school publications of this firm, which are equal to any in the Union.

Messrs. Barnes & Co., of New York, are now issuing large editions of these Standard School Books for the Southern States. The series consists of the National Primer, or Word Builder, National Elementary Speller, The National First 2nd 3rd, 4th and 5th Readers. This firm will allow no competition in the price of books published by them, which are among the best in the States.

From the Raleigh *Daily Progress*, Feb 20, 1868.

NATIONAL SECOND READER.—We have never examined a volume of its class which we could commend more cordially to parents and teachers.

From the N. C. *Presbyterian*, March 7, 1868.

NATIONAL FIRST READER.—We recommend it to all who desire a valuable book of instruction for beginners.

From the Wilmington, N. C. Daily *Herald*, 1868.

The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.

THE UTLEY

COTTON PRESS.

A NEW combination of powers, whereby all friction is overcome. The simplicity, economy and durability of this PRESS are to dishes all who see it, and the more so that a power so simple should so long have been unappropriated. With this Press, two men can do all the packing or pressing of a 500 pound bale inside of eight minutes: and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF THOS. H. BRIGGS. All are accepted that as between this and any other there is no argument as to its merits over all others. With the irons, any ordinary workman can put them up. The patentee is here for a few days, and will take pleasure in explaining its merits.

And $5,000 ready to pay a loss of No. 34,161, as soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,18
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	15,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It insured more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed net assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,537 new policies, more than any other Company except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
